NEWS RELEASE
KING HARBOR YACHT CLUB AND SANTA BARBARA YACHT CLUB

KING HARBOR YACHT CLUB AND SANTA BARBARA YACHT CLUB ANNOUNCE REVISED RESULTS FOR THE 2000 SBYC TO KHYC RACE

REDONDO BEACH, California, August 18, 2000 -- In a joint announcement of the regatta co-hosts, King Harbor Yacht Club (KHYC) and Santa Barbara Yacht Club (SBYC) posted the following revisions to the results:

In class ULDB A the boat Vicki has been awarded redress of 37 minutes

In class ULDB B the boat Bay Wolf was awarded redress of 32 minutes.

The revised results are posted as a result of reopening the hearing of the formal request for redress in accordance with the current Racing Rules of Sailing.

Both KHYC and SBYC would like to publicly commend and applaud all of the boats that were involved in the rescue or attempted assistance of the crew of an overturned catamaran. Special plaudits should go to the crew of Vicki for their successful recovery of three sailors on the catamaran. We hope that their story of a difficult rescue at sea will be told in future issues of industry publications so that the sailing world can benefit from their experience. Both clubs would also like to announce that they are nominating Vicki and her crew for the US Sailing Arthur B. Hanson Rescue Medal. In addition special commendation awards will be presented at a SCYA dinner meeting to Vicki and the three other boats that attempted to provide assistance. The other boats were Bay Wolf, M Project and Mar Caballo.

Following the race there were four requests for redress submitted in accordance with the race instructions. A formal hearing time was posted and the hearings were convened at 10:00 AM on Saturday, August 5th. Two requests for redress were granted after hearing the representatives of those two boats. Those adjustments were included in the original race results. The other two requests were not decided at that time because no representatives appeared before the Protest Committee at the posted time. Several attempts were made to contact representatives of those two boats to no avail. Hearings were later reopened at the request of the Committee and representatives of the two boats were contacted and gave their comments to the Committee at the reopened hearings. The resulting delayed decisions are reflected in the revisions above. All skippers entered in ULDB class A and B will be provided with the revised final results.

Both clubs would like to thank the Protest Committee for a job well and correctly done in consideration of fairness to all concerned. Decisions made by Protest Committees are not always popular but are based on facts not always available to the general public.
